

SVENSKA KEMISAMFUNDET

SMSS

	Preliminary program: Ion Mobility and New Ionization Methods 12 March, Stockholm
09.30-10.15	Registration and Coffee
10.15-10.20	Welcome - Jonas Bergquist, SMSS
10.20-11.00	Plenary Speaker - Kevin Pagel, Freie Universität Berlin <i>Sugars in the gas phase – Novel techniques to unravel the glycode</i>
11.00-11.30	Sponsored Talk - Dirk Wunderlich Bruker Nordic AB <i>timsTOF Pro with trapped ion mobility - Ions with tailwind</i>
11.30-12.00	Sponsored Talk – Sciex
12.00-13.00	Lunch
13.00-13.40	Plenary Speaker - Zoltan Takats, Imperial College, London <i>In-vivo mass spectrometry - From bacteria to the operating room</i>
13.40-14.10	Sponsored Talk - Waters AB
14.10-14.40	Sponsored Talk - Elina Kalenius, University of Jyväskylä. <i>Ion mobility mass spectrometry for structural supramolecular chemistry: Is it inside or outside?</i>
14.40-15.10	Coffee
15.10-15.40	Sponsored Talk - ThermoFischer Scientific
15.40-15.55	Price-ceremony and Berzelius presentation by awardee
15:55-16:00	Closing
16:00-16:15	Annual proceedings of SMSS
