

Pitch Film Competition

- Do you want to **promote your research** to a wider non-expert audience?
- Do you want the general public to get more educated in what could be accomplished using **Analytical Chemistry**?
- Do you want to compete for a **travel grant**?
- Are you a **PhD student** or a **Post Doc fellow** working in the area of Analytical Chemistry?

If your answer is **YES**, then you should participate in the Pitch Film competition organized by the Analytical Chemistry section of the Swedish Chemical Society.

- Make a 3 minute long pitch film about your research adapted to the level of high school students.
- A number of selected films will be made public through the Swedish Chemical Society Youtube channel.
- Three films will be awarded a travel grant to aid participation in a conference (1st: 15 000 SEK, 2nd: 10 000 SEK, 3rd: 5 000 SEK).

For more information and details about the competition, contact Åsa Emmer, chair of the Analytical Chemistry section, aae@kth.se

Submit your pitch film up to 2 GB in size via WeTransfer (<https://wetransfer.com/>) to erika.lindbom@kemisamsundet.se. Use the subject line "pitch film", and in the message, write: your name, the name of the film, your phone number and your University/Company/Organization. We will send you a confirmation email within 1-2 days.

Deadline for submitting pitch films: May 3rd, 2024.

The winners will be announced at the [Analytical Chemistry and Materials Symposium](#) at Stockholm University on June 12-13 2024.

Together we can create an inspiring public library of interesting pitches informing about Analytical Chemistry!
